## Manager's Message

Dear Members: \_\_\_\_\_ *by Marlene Morss*

## Independence Day

The Fourth of July is much more than fireworks, cookouts and cold drinks. We spend a lot of energy having fun, but we also need to take a moment and give thanks to our forbearers and their determined efforts to bring about our nation's independence.

As we celebrate Independence Day, give thanks for all of those who gave their lives so that you and I could enjoy this great land of freedom. Give thanks for those who strive every day to make this a more perfect union. Give thanks for those whose political opinions or religious beliefs are different from yours because that means that we are still free to disagree and to express those disagreements.

From a cooperative perspective, independence has served us well. More than 70 years ago, an independent streak inspired groups of farmers across America to band together and improve

their quality of life. Aside from President Franklin Roosevelt's promise of federal aid in the form of low-interest loans and engineering expertise, rural Americans had little help in bringing electricity to their homes. So, they did it themselves by pulling together and working cooperatively - a shining example of American determination and ingenuity.

So, the next time you are standing and saluting the flag during the National Anthem or saying the Pledge of Allegiance, stand tall and proud and reflect on those words being sung or spoken.

God Bless America!

Have a safe Fourth of July.

### Inside:

Unclaimed Capital  
Credits ..... 2-4

Have a safe and happy 4th of July!

Don't forget the total solar eclipse visible in our area on August 21st. Could it be the beginning of the Zombie Apocalypse?

## UNCLAIMED CAPITAL CREDIT CHECKS

This edition of the newsletter has a list of names that had capital credit refund checks issued to them in December 2016 but were returned to High Plains Power due to an insufficient mailing address. High Plains Power mailed capital credit checks to those members from 2000-2001 reflecting their contribution of capital to and ownership of, the cooperative during those years. Remember, if you purchased electricity during the years being retired, then you are entitled to a capital credit refund, even if you move out the High Plains Power's service area. That is why it is important to keep us updated of any address changes.
