

Mechanic

High Plains Power has an immediate opening for a qualified Mechanic, in our Riverton, Wyoming district office. If you are looking for a long-term career and you love the cooperative model, then High Plains Power may be the place for you. We offer a competitive wage and an excellent benefit package including 401k, retirement, flexible schedule, paid holidays and PTO.

High Plains Power has 50 employees, 53 substations, and 4,829 miles of transmission, overhead, and underground lines that serve approximately 13,150 meters. High Plains Power covers approximately 12,000 square miles and we have a diversified load serving large commercial accounts, irrigation, and residential accounts.

Riverton is a beautiful town located in central Wyoming and nestled near several mountain ranges providing countless opportunities for outdoor activities. Known as the Rendezvous City, Riverton is home to the 1838 Mountain Man Rendezvous, Hot Air Balloon Rally, mountain biking, powwows, Native American dancing, historic trails, state parks, wildlife, museums, scenic by-ways, and spectacular scenery.

The successful candidate will service and maintain all transportation and powerline related equipment. Knowledge of and ability to repair diesel and gasoline engines, hydraulic systems and a variety of equipment, are essential job functions. Associates degree in related field plus 5 years of experience or a combination of relevant education and experience satisfactory to the hiring authority is required for consideration. ASE Master Certification and welding experience are desired but not required.

Valid Class A CDL with insurable driving record required. Applicant must also pass pre-employment physical, background check and drug screen.

Candidates must complete an Application for Employment and attach a resume; resumes will not be accepted as an application. Applications may be obtained on our website: www.highplainspower.org. All applications should be directed to: Angela Wallace, Human Resources, via mail at P.O. Box 713, Riverton, WY 82501, fax 307-856-4207, or email awallace@highplainspower.org. Position open until filled. First review of applications will occur on **January 3, 2022**. High Plains Power is an Equal Opportunity Employer.
